

PIVOT w/ Ball Catch

The Art of Division™

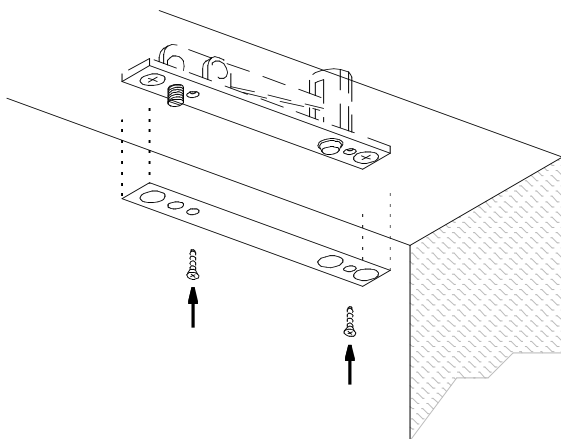

- ① Mortise and insert top pivot and ball catch into header

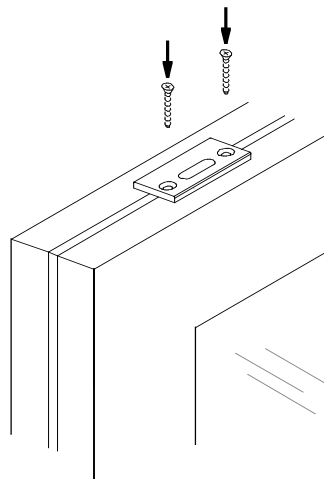

- ② Secure bottom pivot to floor

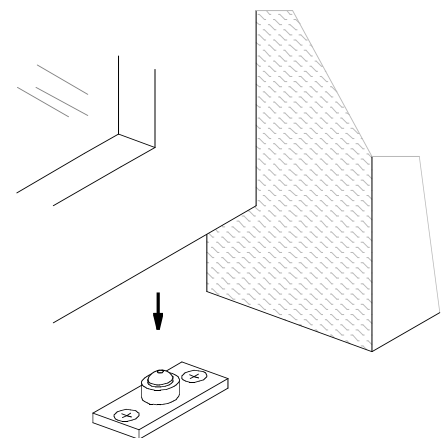

- ③ Attach trim plate to top pivot

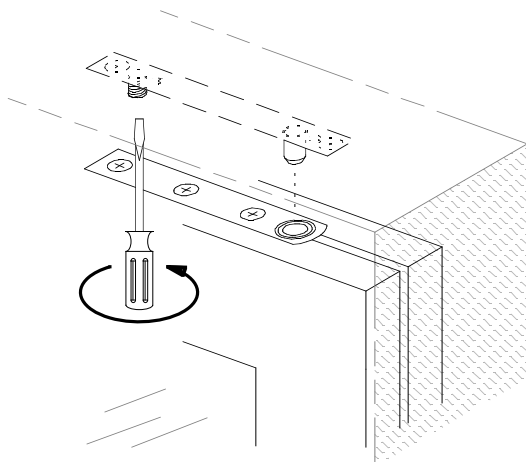

- ④ Attach ball catch receiving plate to top of door

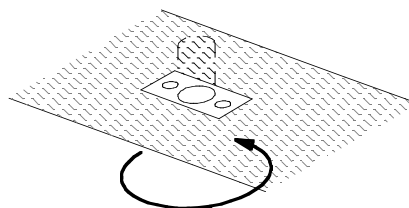

- ⑤ Lower door onto bottom pivot

- ⑥ Lower top pivot into receiver in door

- ⑦ Adjust ball catch as needed by threading up or down

- ⑧ Make stops for both jambs (*recommended*)
